Independent Auditor's Report

The Corporate Members and Board of Directors Catholic Charities of the Archdiocese of Washington, Inc. and Affiliates Washington, D.C.

We have audited the accompanying consolidated financial statements of Catholic Charities of the Archdiocese of Washington, Inc. and Affiliates (Catholic Charities), which comprise the consolidated statement of financial position as of June 30, 2020, and the related consolidated statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of Catholic Charities of the Archdiocese of Washington, Inc. and Affiliates as of June 30, 2020, and the changes in their net assets and their cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

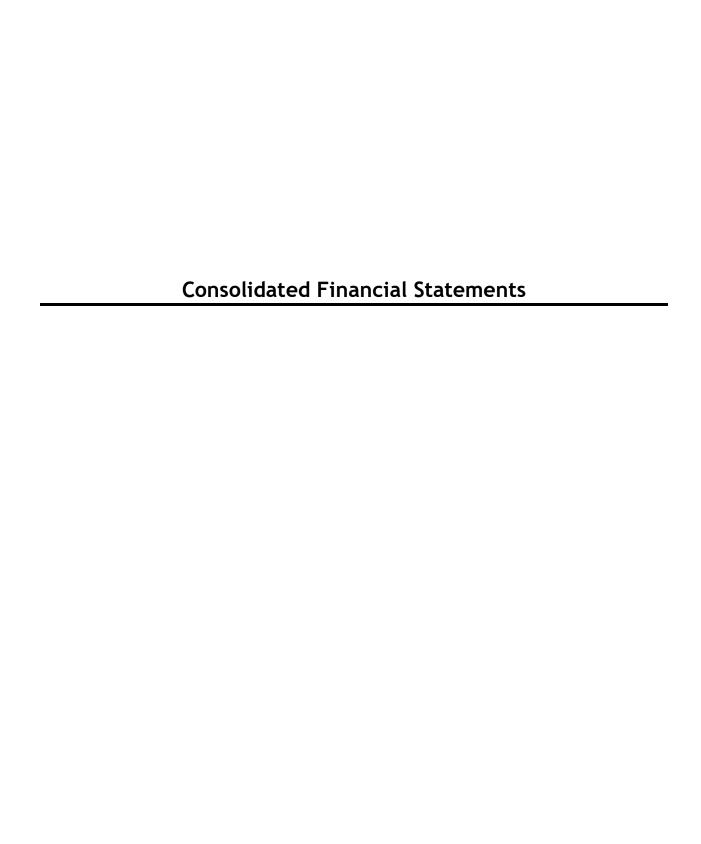

Other Matters

2019 Consolidated Financial Statements

The 2019 consolidated financial statements of Catholic Charities of the Archdiocese of Washington, Inc. and Affiliates were audited by other auditors, whose report dated November 27, 2019, expressed an unmodified opinion on those statements.

1. Organization and Summary of Significant Accounting Policies

General

Catholic Charities of the Archdiocese of Washington, Inc. (CCADW) is a Catholic social service agency designed to deliver and coordinate services to ensure the greatest outreach and impact for those who are served. CCADW and its affiliated agencies; Anchor Mental Health Association Inc. (Anchor), Lt. Joseph P. Kennedy Institute, Inc. (Kennedy), and Spanish Catholic Center, Inc. (SCC) operate as one integrated social service agency. The Catholic Charities of the Archdiocese of Washington Foundation, Inc. (Foundation) manages endowment assets to support the services provided by CCADW and its affiliates. In addition to the above-named entities, Anchor Housing Corporation (AHC), Kennedy Housing Corporation (Kennedy Housing I) and Kennedy Housing Corporation II (Kennedy Housing II) are included in the consolidated financial statements. Collectively, these organizations are referred to as Catholic Charities. Each of the entities is a separate tax-exempt corporation.

The major service areas are presented in the consolidated statements of functional expenses.

Adult and Children Clinical Services has three main areas of professional services:

Health Services - provides medical, dental, and behavioral health services to the uninsured, to immigrants, and to chronically mentally ill adults. The Catholic Charities Health Care Network, a program of Catholic Charities, provides referrals for the uninsured to a large network of medical practitioners and facilities that donate their services. Clinical services are also supported with employment and housing services.

Legal Services - provides civil and immigration legal services to the poor, refugees, and other immigrants. Legal services for civil matters are provided through the Catholic Charities Legal Network, a program of Catholic Charities, through a network of pro bono providers. Immigration legal services are provided by an in-house legal staff as well as a network of pro bono providers.

Children Services - provides case management and crisis behavioral health services to children, teens, and their families.

Developmental Disabilities Services provides educational, therapeutic rehabilitation, and personal support to individuals with developmental disabilities.

Enterprises, Education and Employment provides a variety of services to the community, including:

Food & Nutrition Services - provides meals to the chronically mentally ill, the aging, and the homeless; operates a wholesale food bank that supplies food pantries and soup kitchens; and operates a warehouse to provide community access to nutritional food at below retail prices.

Employment Services - provides job readiness preparation for food services, cleaning services, and government agencies, as well as ongoing employment support; and employs individuals requiring supportive services.

Notes to the Consolidated Financial Statements

Education Services - provides training in the areas of construction, green construction, building maintenance, and professional counseling; teaches English as a Second language (ESL) and Spanish classes; assists refugees in adapting to local employment requirements; and provides social services to assist the immigrant population with employment-related issues.

Family, Parish and Community Outreach is engaged in linking Catholic Charities with the wider community by operating family centers; providing case management services to assist Parishes; engaging Catholic schools and other volunteers in Catholic Charities programs; and assisting Parishes in establishing social ministries.

Homeless and Housing Services operates emergency shelters and provides supported and transitional housing. Case management and other supportive services are provided in all housing programs.

Newcomer Network aims to help immigrants in need become more stable, empowered and connected to the community by making three programmatic investments: scaling immigration legal services, connecting immigrants to comprehensive supports, and leveraging the Archdiocesan parish network to achieve broader impact across the region. This program began in June 2020 and the results were included in Adult and Children Clinical Services.

Principles of Consolidation

The consolidated financial statements include the accounts of Catholic Charities. All significant intra-entity transactions have been eliminated in consolidation.

Basis of Accounting

The accompanying consolidated financial statements of Catholic Charities are presented in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) and have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of consolidated financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash Equivalents and Concentrations of Credit Risk

Catholic Charities considers all highly liquid instruments with original maturities of three-months or less to be cash equivalents, excluding cash equivalents held for long-term investment purposes by investment custodians. Cash equivalents consist of investments in overnight sweep accounts. Restricted cash of \$662 thousand and \$343 thousand was held on behalf of others as of June 30, 2020 and 2019, respectively.

Catholic Charities holds cash that is restricted for specific programs of \$307 thousand and \$337 thousand for the years ended June 30, 2020 and 2019, respectively.

Catholic Charities is subject to credit risk concentrations principally from cash and cash equivalents, investments, contributions receivable, and accounts receivable. Cash and cash equivalents are maintained at financial institutions and, at times, balances may exceed federally insured limits. The Organization has never experienced any losses related to these balances. Amounts in excess of the Federal Deposit Insurance Corporation (FDIC) insured limit totaled approximately \$19.4 million and \$10.4 million as of June 30, 2020 and 2019, respectively. Investments are subject to market fluctuations that may materially affect the investment balance. Contributions receivable consist primarily of amounts due from donors. The accounts receivable balances consist primarily of amounts due from grantors and other non-profit organizations. Historically, Catholic Charities has not experienced significant losses related to contributions receivable or accounts receivable and, therefore, believes that the credit risk related to contributions receivable and accounts receivable is minimal.

Investments and Fair Value Measurements

Investments are recorded at fair value, based on quoted market prices or, in the case of nonexchange-traded investments, at net asset value as a practical expedient. Management reviews and evaluates the values provided and agrees with the valuation methods and assumptions used in determining fair value of these investments.

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date.

Catholic Charities uses net asset value (NAV) per share or its equivalent as a practical expedient for the fair value of investments, such as the Focused Core Fixed Income Fund (a Collective Investment Fund within the Collective Investment Trust Fund and herein referred to as the Fund), which does not have a readily determinable fair value. Fair value may not equal the NAV as defined in the paragraph above. Catholic Charities had approximately \$3.5 million investments reported at estimated fair values utilizing NAV as a practical expedient as of June 30, 2019 and none as of June 30, 2020. The Fund's investment strategy involves investing in domestic corporate and governmental fixed income securities.

Fair value is based on the assumptions market participants would use when pricing an asset or liability and a fair value hierarchy that prioritizes the information used to develop those assumptions. The fair value hierarchy gives the highest priority to quoted prices in active markets (observable inputs) and the lowest priority to assumptions (unobservable inputs). These levels are:

Level 1: Quoted prices in active markets for identical assets or liabilities. Level 1 assets held by Catholic Charities include money market funds and exchange-traded equity securities.

Level 2: Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the asset or liability. Catholic Charities does not hold any Level 3 assets as of June 30, 2020 and 2019.

Notes to the Consolidated Financial Statements

Investment expense, such as investment management fees, are netted against investment income in the consolidated statements of activities.

Receivables and Allowance for Uncollectible Accounts

Accounts receivable are stated at invoiced amount net of an allowance for doubtful accounts. Catholic Charities establishes an allowance for doubtful accounts based on historical experience and any specific customer collection issues that have been identified. Uncollectible accounts receivable are written off when a settlement is reached for an amount that is less than the outstanding historical balance or when it has been determined that the balance will not be collected. At June 30, 2020 and 2019, Catholic Charities had an allowance for uncollectible accounts of \$830 thousand and \$618 thousand, respectively.

Catholic Charities' program service revenues are earned from both annual and multiyear contracts with various agencies from the District of Columbia, State of Maryland, Montgomery County, Maryland, and the federal government. A significant portion of the accounts receivable is owed to Catholic Charities by these governments, which exposes Catholic Charities to concentration of risk.

Included in receivables is a promissory note (the Note) due to Catholic Charities in connection with sale of a property. The Note is secured by a Second Deed of Trust, bears interest at 5.25%, with principal and interest payable monthly based on a 20 years amortization schedule with balloon payment due at maturity on April 26, 2029. As of June 30, 2020 and 2019, the balance of the Note is approximately \$97 thousand and \$100 thousand, respectively.

Contributions Receivable and Allowance for Uncollectible Accounts

Contributions receivable consist of unconditional promises to give primarily related to the capital campaign. Contributions receivable are recorded net of an allowance for estimated uncollectible contributions and a discount for amounts due beyond one year. At June 30, 2020 and 2019, Catholic Charities had an allowance for uncollectible accounts of \$341 thousand and \$104 thousand, respectively.

Property and Equipment, Net

Acquisitions of property and equipment are recorded at cost. Depreciation on all property and equipment is calculated using the straight-line method over the estimated useful lives of the assets or the lease term if lesser for leasehold improvements as follows:

Furniture and equipment 3-10 years
Automobiles 5 years
Buildings and improvements 5-40 years
Leasehold improvements 4-20 years

Donated assets are recorded at fair value at date of donation.

Under Canon law, the rules governing the operation of the Catholic Church, most real property recorded in these consolidated financial statements is titled to the Archbishop of Washington or if titled to Catholic Charities, may not be sold, leased, or transferred without approval of Archbishop of Washington.

Charitable Gift Annuities

Catholic Charities is the beneficiary of eight charitable gift annuities. Under the charitable gift annuity agreements, Catholic Charities pays a fixed annuity amount for the life of the beneficiaries and is entitled to the remainder upon the beneficiaries' death. In the year of the gift, contribution revenue is recognized based on the net amount of the assets and liabilities relating to the charitable gift annuities. The assets held for charitable gift annuities are stated at fair value and are included as investments in the consolidated statements of financial position. The liability for future amounts due to beneficiaries is recorded as the present value of the estimated future payments based on actuarial assumptions, including discount rates and estimated life expectancies, in accrued expenses in the consolidated statements of financial position. Adjustments to the liability balance to reflect any changes in actuarial assumptions and amortization of discount are recognized as contributions in the consolidated statements of activities.

The discount rates were determined at the time of the initial contribution and range from 4.3% to 9.5%. The estimated life expectancies used are from the Internal Revenue Service Life Expectancy Tables.

Balances associated with charitable gift annuities as of June 30, 2020 and 2019 included a liability to beneficiaries of \$91 thousand and \$93 thousand, respectively. During the years ended June 30, 2020 and 2019, Catholic Charities recorded contributions of \$9 thousand and \$2 thousand associated with charitable gift annuities.

Refundable Advances

Amounts received in advance of the period in which revenue is earned are refundable. Refundable advances includes advance payments on government and private grants and contracts which will be recognized as costs are incurred under the terms of the agreements. It also includes payments on conditional contributions received where the donors' conditions have not been met.

Conditional Grant and Loan

On August 17, 2017, Catholic Charities executed a \$1.600 million Shelter and Transitional Housing Facilities Grant (Grant) from the State of Maryland Department of Housing & Community Development (DHCD) to partially fund the acquisition and construction of Angel's Watch Shelter. DHCD recorded a lien on the property which will be released on August 17, 2032 if the property has continued to be operated in accordance with the provisions of the Grant.

On August 17, 2017, Catholic Charities executed a \$500 thousand loan from Federal Home Loan Bank of Atlanta (Loan) to partially fund the construction of the Angel's Watch Shelter. The Loan does not bear interest and is not repayable if the property has continued to be operated in accordance with the provisions of the Loan agreement through August 17, 2032.

Under Financial Accounting Standards Board (FASB) Accounting Standards Update (ASU) No. 2018-08, Not-For-Profit Entities (Topic 958): Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made, amounts received from DHCD and Federal Home Loan Bank of Atlanta are considered to be conditional contributions. As of June 30, 2020, the amounts received from the Grant and the Loan amounted to \$1.600 million and \$500 thousand respectively. As of June 30, 2019, the amounts received from the Grant and the Loan amounted to \$1.400 million and \$500 thousand, respectively. These amounts are received and recorded in

refundable advances in the consolidated statements of financial position. Revenue from such conditional contributions is recognized when the condition on which the contribution depends are substantially met.

Department of Housing and Urban Development (HUD) Capital Advances

Kennedy Housing I and II obtained capital advances from HUD under Section 811 of the Housing Act of 1959. The Section 811 program is a federally assisted program designed to provide housing for the elderly and handicapped. Section 811 capital advances and interest need not be repaid as long as the project owner continues to make the housing available for the low-income elderly and handicapped for at least 40 years from the date of commencing operations.

HUD capital advances of \$2.500 million are included in refundable advances in the consolidated statements of financial position as of June 30, 2020 and 2019.

Replacement Reserve

In accordance with the provisions of a regulatory agreement between HUD and AHC, Kennedy Housing I, and Kennedy Housing II, certain cash and investments are to be used for the replacement of property with the approval of HUD. These amounts are included in cash and cash equivalents on the consolidated statements of financial position. The replacement reserve, at fair value (Level 1), consisted of the following (dollars in thousands):

June 30,		2020	2019
AHC Kennedy Housing Kennedy Housing II	\$	225 \$ 115 54	222 109 47
	¢		
Total replacement reserves	Ş	394 \$	378

Net Assets

Net assets, revenues, gains, and losses are classified based on the existence or absence of donorimposed restrictions. Accordingly, the net assets of Catholic Charities and changes therein are classified and reported as follows:

Net assets without donor restrictions- Net assets that are not subject to any donor-imposed stipulations, even though their use may be limited based on other conditions, such as by board designation.

Net assets with donor restrictions - Net assets subject to donor-imposed restrictions on their use that may be met either by actions of Catholic Charities or the passage of time; as well as net assets subject to donor-imposed or other legal restrictions requiring that the principal be maintained in perpetuity.

Revenues are reported as increases in net assets without donor restrictions unless use of the related assets is limited by donor-imposed or time restrictions. Expenses are reported as decreases in net assets without donor restrictions. Donor-restricted contributions, where it is anticipated that such restrictions will be met in the current reporting period, are recorded as without donor restrictions

in the period received. Expirations of donor-imposed restrictions on net assets (i.e., the donor-stipulated purpose has been fulfilled or the stipulated time period has elapsed) are reported as reclassifications between the applicable classes of net assets.

Revenue Recognition

Government agreements to serve the public are considered conditional contributions and reported as contribution revenue without donor restrictions at the time the service is provided to the public on behalf of the government, substantially meeting the condition. Contracted services are reported as contribution revenue without donor restrictions at the time services are provided on behalf of the government entities. Government agreements and contracted services are recorded in the statement of activities under government grants and contracts. Foundation grants are considered conditional contribution revenue and are recognized as contribution revenue without donor restrictions in the period the services are provided to the public, substantially meeting the condition. Amounts received in advance of services or goods provided are recorded as refundable advances.

Contributions of property or equipment are recorded as revenue without donor restrictions unless donor stipulations specify how the property must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are recorded as restricted support. This restriction is released once the assets are placed in service, except in situations where the donor restriction extends beyond the point when the assets are placed in service. If the agreement specifies that the acquired property or equipment must be used for a specified period of time; the restriction is released over the period of time specified.

Food sales are recognized as revenue when the food is delivered to the clients.

Service fees for behavioral health services rendered under the Medicaid Rehabilitation Option Service (MRO) program are reimbursed on a fee for service basis in accordance with a fee schedule provided in the MRO agreement. Revenue is recognized in the period the related services are rendered and is included in service fees as revenue without donor restrictions.

Contributions, legacies and bequests, special event contributions, Archdioceses of Washington contributions, and capital campaign contributions, including unconditional promises to give, are recorded in the period pledged and are considered to be available for use unless specifically restricted by the donor. Unconditional promises to give are recognized at fair value and discounted based on the present value of future cash flows using a risk-adjusted rate. Amortization of the discount is included in contributions revenue. Conditional promises to give are not recognized until the conditions on which they depend are substantially met.

Contributed Services

Catholic Charities received contributed legal, medical, dental, and other professional services through its operations to support various programs under different networks such as Catholic Charities Legal Network, Immigration Legal Services, Catholic Charities Healthcare Network, and Missions of Mercy Adult Dental Clinic. These contributed services meet the criteria for revenue recognition under FASB Accounting Standards Codification (ASC), ASC 958-605-25, Contributed Services, at the fair value of such services and are reported as in-kind contributions and as expenses on the consolidated statements of activities.

In addition, Catholic Charities received the services of a significant number of volunteers not recognized in the consolidated statements of activities because such services do not require specialized skills. Noncompensated members of the board of directors and other unpaid volunteers perform a significant portion of the fundraising activities and contribute significant time to support various programs each year.

Functional Allocation of Expenses

Catholic Charities allocates certain expenses on a functional basis among its various programs and supporting services. Expenses that can be identified with a specific program or supporting service are recorded directly. Other expenses that are common to several functions are allocated on various bases including the number of full-time equivalent employees and the number of information technology equipment that the function uses. Allocated costs include occupancy related facility costs and information technology support. Special events expense includes the costs of venues, meals, and entertainment provided at fundraising events.

Income Taxes

Catholic Charities has received a determination letter from the Internal Revenue Service (the IRS) that it is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code (the IRC) under applicable tax regulations as part of a group exemption made to all institutions listed in the Official Catholic Directory. No provision for income taxes was recorded during the years ended June 30, 2020 and 2019 since Catholic Charites had no significant unrelated business income.

In accordance with U.S. GAAP, management has evaluated Catholic Charities' tax positions and has concluded that Catholic Charities has taken no uncertain tax positions that require adjustment to the consolidated financial statements to comply with the provisions of this guidance. Catholic Charities is generally no longer subject to income tax examinations by the U.S. federal, state or local tax authorities for the years ended June 30, 2017 and prior.

Reclassification

Catholic Charities reclassified certain expenses in the 2019 consolidated statement of functional expenses to provide comparability to the 2020 statements.

Recently Adopted Accounting Pronouncements

In January 2016, the FASB issued ASU 2016-01, Financial Instruments - Overall (Subtopic 825-10), Recognition and Measurement of Financial Assets and Financial Liabilities. This update, along with ASU 2018-03, Technical Corrections and Improvements to Financial Instruments—Overall (Subtopic 825-10): Recognition and Measurement of Financial Assets and Financial Liabilities, that clarifies the guidance in ASU No. 2016-01, affects the accounting for equity investments and financial liabilities under the fair value option, as well as the presentation and disclosure requirements for financial instruments. Management has adopted this standard during the year ended June 30, 2020. The adoption of this update did not have a material effect on the consolidated financial statements.

In August 2016, the FASB issued ASU 2016-15, *Statement of Cash Flows (Topic 230)*. The update standardizes how certain transactions should be classified in the statement of cash flows. Management has adopted this standard during the year ended June 30, 2020. The adoption of this update did not have a material effect on the consolidated financial statements.

Recent Accounting Pronouncements Not Yet Adopted

In February 2016, the FASB issued ASU 2016-02, Leases (Topic 842). This ASU requires a lessee to record, for all leases with a lease term of more than 12 months, an asset representing its right to use the underlying asset for the lease term and a liability to make lease payments. For leases with a lease term of 12 months or less, a practical expedient is available whereby a lessee may elect, by class of underlying asset, not to recognize a right-of-use asset or lease liability. A lessee making this accounting policy election would recognize lease expense over the term of the lease, generally in a straight-line pattern. This guidance is effective for financial statements issued for fiscal years beginning after December 15, 2019. Early adoption is permitted. In transition, a lessee and a lessor will recognize and measure leases at the beginning of the earliest period presented using a modified retrospective approach. The modified retrospective approach includes a number of optional practical expedients. These practical expedients relate to identifying and classifying leases that commenced before the effective date, initial direct costs for leases that commenced before the effective date, and the ability to use hindsight in evaluating lessee options to extend or terminate a lease or to purchase the underlying asset. ASU 2018-11 was issued in June 2018 that also permits entities to choose to initially apply ASU 2016-02 at the adoption date and recognize a cumulativeeffect adjustment to the opening balance of net assets in the period of adoption. ASU 2016-02 is effective for Catholic Charities' fiscal year 2023. Management is currently evaluating the impact of this ASU on their consolidated financial statements.

In August 2018, the FASB issued ASU No. 2018-13, Fair Value Measurement (Topic 820): Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement. The update modifies certain disclosure requirements in Topic 820, Fair Value Measurement. The guidance is effective for Catholic Charities' fiscal year 2021. Management is currently evaluating the impact of this ASU on their consolidated financial statements.

Catholic Charities has assessed other accounting pronouncements issued or effective during the year ended June 30, 2020 and deemed they were not applicable to Catholic Charities or are not anticipated to have a material effect on the consolidated financial statements.

2. Financial Assets and Liquidity Resources

The following table reflects the financials assets and liquidity resources, available within one year for general expenditures, such as operating expenses, principal payments on debt, and purchase or construction of capital projects. These financial assets and liquidity resources are reduced by amounts not available for general use within one year of the consolidated statement of financial position date because of timing of collections, contractual or donor-imposed restrictions.

Total financial assets and liquidity resources available within one year are as follows (dollars in thousands):

June 30,	2020	2019
Financial assets: Cash and cash equivalents Receivables, net Contributions receivable, net	\$ 20,290 \$ 8,470 15,694	11,345 6,563 8,355
Investments	32,311	29,301
Financial assets, at year-end	76,765	55,564
Liquidity resources: Budgeted fiscal year 2021 and 2020 net assets released from restriction, respectively Available line-of-credit	15,829 -	15,976 1,000
	15,829	16,976
Amounts restricted to use: Funds held on behalf of others Restricted cash and cash equivalents (note 1) Note receivable due in 2029 within receivables (note 1) Board designated (note 11) Donor restrictions, less restricted property and	662 307 97 8,152	343 337 100 7,958
equipment (note 12) Replacement reserve (note 1)	54,129 394	44,921 378
	63,741	54,037
Total financial assets and liquidity resources available within one year	\$ 28,853 \$	18,503

Catholic Charities has a policy to structure its financial assets to be available as its general expenditures, liabilities, and other obligations become due. As of June 30, 2020 and 2019, Catholic Charities has Board Designated net assets without donor restrictions of \$8.152 million and \$7.958 million, respectively, that, while not intended for general expenditures, current liabilities or obligations, could be made available upon the approval of the Board of Directors.

3. Contributions Receivable

Contributions receivable, net are summarized as follows (dollars in thousands):

June 30,		2020	2019
Unconditional promises expected to be collected in:			
Less than one year	\$	5,021 \$	3,062
One to five years	·	10,865	5,473
More than five years		950	300
			_
		16,836	8,835
Less:			
Unamortized discount		(801)	(376)
Allowance for uncollectible contributions		(341)	(104)
Contributions receivable, net	\$	15,694 \$	8,355

Contributions receivable are discounted at rates ranging from 0.12% to 2.94%, which approximate the risk-adjusted rate of return for the expected promises to give. Forward in Faith, Inc., an affiliate of the Archdiocese of Washington, held capital campaign contributions of \$410 thousand and \$485 thousand at June 30, 2020 and 2019, respectively, on behalf of Catholic Charities, that are included in contributions receivable, net in the consolidated statements of financial position.

As of June 30, 2020 and 2019, conditional contributions of \$9.973 million and \$12.300 million, respectively, are available to Catholic Charities. Revenue related to these conditional contributions will be recognized once the contractual obligations to provide the services have been satisfied.

4. Investments

The following table presents the fair value hierarchy for those assets measured at fair value on a recurring basis (dollars in thousands):

<u> </u>		As of June	30, 2	.020			
		Fair V	/alue	Hierarchy Le	evel		
	Total	Level 1		Level 2		Level 3	
Investments at fair value: Equity securities Fixed income	\$ 19,185 11,318	\$ 19,185 -	\$	- 11,318	\$	- -	
Total investments at fair value level	\$ 30,503	\$ 19,185	\$	11,318	\$		
Investments at cost* Cash Total investments measured at net asset value (NAV)**	1,808						
Total investments	\$ 32,311						
_		As of June	30, 2	2019			
		Fair Value Hierarchy Level					
	Total	Level 1		Level 2		Level 3	
Investments at fair value: Equity securities Fixed income	\$ 17,766 6,425	\$ 17,766 -	\$	- 6,425	\$	- -	
Total investments at fair value level	\$ 24,191	\$ 17,766	\$	6,425	\$	<u>-</u>	
Investments at cost* Cash Total investments measured at net asset value (NAV)**	1,587 3,523						
Total investments	\$ 29,301						

^{*} Cash included in the investment portfolio is not subject to the provisions of fair value measurements as they are recorded at cost and are only shown here to reconcile to the accompanying consolidated statements of financial position.

^{**}Certain investments that are measured at fair value using net asset value (NAV) per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the accompanying consolidated statements of financial position. There are no restrictions on contributions or redemptions from the investments at NAV.

The major categories of Catholic Charities' investments that are valued at net asset value or its equivalent, including general information related to each category, are as follows (dollars in thousands):

June 30,	2020	2019	Redemption Frequency	Redemption Notice Period
Focused Core Fixed Income Fund (a)	\$ - \$	3,523	Monthly	30 days
	\$ - \$	3,523		

⁽a) The Focused Core Fixed Income Fund (the Fund) is benchmarked to the Barclays Aggregate Bond Index and seeks to maintain a 50/50 blend of the Barclays Credit and Mortgage Indices. The Fund invests primarily in investment grade credit securities and mortgage-backed securities. The Fund may invest in government securities to protect principal in adverse credit environments. The Fund's securities are selected through an active investment and risk management approach. The fair values of the investments in this category have been estimated using the net asset value of Catholic Charities' ownership interest in the partners' capital. Managers of the Fund require Catholic Charities to give 30 days' notice before they can redeem a portion of the investment at the beginning of the following month. Redemption is awarded 30 days from the date of first notice.

There were no unfunded commitments as of June 30, 2020 and 2019.

5. Property and Equipment

Property and equipment consists of the following (dollars in thousands):

June 30,	2020	2019
Land, building, and building improvements Leasehold improvements Furniture and equipment Construction in progress	\$ 29,467 \$ 11,297 8,561 199	28,412 11,231 14,297 767
Less accumulated depreciation and amortization	49,524 (21,907)	54,707 (25,966)
Property and equipment, net	\$ 27,617 \$	28,741

6. Debt

Line-of-Credit

Catholic Charities has a \$1.000 million available line-of-credit from a bank as of June 30, 2020 and 2019. The line-of-credit requires annual renewals to remain available. The line-of-credit bears interest at 70% of the Prime rate minus 1.25%, but not less than 2%. As of June 30, 2020, there was \$1.000 million outstanding on the line-of-credit bearing interest at 2%. As of June 30, 2019, there was no outstanding balance on the line-of-credit.

Mortgage Payable

Mortgage payable consists of the following (dollars in thousands):

June 30,	2020	2019
Mortgage payable for 1220 Monroe St and 1609 Lawrence St. The note requires monthly principal and interest payments of \$7 thousand through September 1, 2021, interest rate 7.45%,		
deed of trust collateral	\$ 98 \$	174
Total mortgage payable	\$ 98 \$	174

Paycheck Protection Program (PPP) Loan

In April 2020, CCADW and its affiliates; Anchor, Kennedy, and SCC (the Borrowers) obtained loans (the Loans) totaling \$6.096 million, pursuant to the Paycheck Protection Program (the PPP) under Division A, Title I of the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), signed into law on March 27, 2020.

The Loans mature on April 12, 2022 (CCADW, Kennedy and SCC) and April 13, 2022 (Anchor) and bear interest at a rate of 1% per annum. Proceeds from the Loans may only be used for payroll costs, costs used to continue group health care benefits, mortgage payments, rent, utilities, and interest on other debt obligations incurred before February 15, 2020.

The Loans and accrued interest are forgivable after 24 weeks if the Borrowers use the loan proceeds for eligible purposes. The unforgiven portion of the Loans are payable over two years, with a deferral of payments for the first six months. The Loans may be prepaid by the Borrowers at any time prior to maturity with no prepayment penalties.

The Borrowers intend to use the entire proceeds of the Loans for qualifying expenses as described in the CARES Act.

Principal payments to be made over the next five years and thereafter on the outstanding line-of-credit, mortgage payable and PPP Loans are as follows (dollars in thousands):

Year ending June 30,	
2021 2022	\$ 3,763 3,431
	\$ 7,194

7. Pension and Retirement Plans

Catholic Charities participates in the Retirement Plan of the Archdiocese of Washington (the Plan), which is a defined-benefit plan. Catholic Charities accounts for its participation in the Plan as a multi-employer plan. Information regarding net assets and actuarial liabilities of the Plan is not

available at the individual employer level. On December 31, 2012, the Plan was frozen and all employees receive the vested benefits promised under the Plan. The multi-employer plan is approximately 87.7% and 90.5% funded at June 30, 2020 and 2019, respectively.

Catholic Charities incurred retirement costs of \$2.820 million and \$2.738 million during the years ended June 30, 2020 and 2019, respectively.

Effective January 1, 2013, Catholic Charities participates in the Archdiocese of Washington Retirement Savings Plan (the 403(b) Plan). Participants may elect to contribute from 0% to 100%, (subject to IRS regulations) of their compensation on a pretax basis to the 403(b) Plan. Participants who contribute to the 403(b) Plan will receive a matching contribution from the Archdiocese of Washington at a rate of 50% up to 4% of eligible pay period compensation. The Archdiocese of Washington will make a fixed annual contribution starting at 1% after the first year of the 403(b) Plan and increase annually to a maximum of 4% upon an employee reaching 30 years of service with Catholic Charities.

In March 2015, the board authorized the adoption of a nonqualified deferred compensation plan (the 457(b) Plan) for members of the leadership team. The 457(b) Plan, which went into effect as of April 1, 2015, permits the Catholic Charities to make discretionary contributions on an annual basis as well as permits the participants to defer pre-tax compensation up to the maximum amount allowed by law. Catholic Charities contributions of \$133 thousand were awarded for each of the years ended June 30, 2020 and 2019.

8. Lease Commitments

Catholic Charities leases general office and warehouse space and certain equipment under long-term noncancelable operating leases. The following represents the minimum future rentals under leases at June 30, 2020 (dollars in thousands):

Year ending June 30,		
2021	¢	1,177
2022	Ţ	1,177
2023		1,040
2024		839
2025		833
Thereafter		1,479
Total minimum lease payments	\$	6,555

Rent expense, including short-term leases, was \$1.275 million and \$1.250 million for the years ended June 30, 2020 and 2019, respectively.

9. Related-Party Transactions

Catholic Charities is affiliated with the Archdiocese of Washington and the Archdiocese of Washington's Forward in Faith, Inc.

During the years ended June 30, 2020 and 2019, Catholic Charities paid \$8.520 million and \$8.000 million, respectively, to the administrator of the Archdiocese of Washington insurance programs and Archdiocesan pension programs. The Archdiocese of Washington insurance programs are self-insured, up to certain limits, for property-casualty, workers' compensation, unemployment, and health insurance. The Archdiocese of Washington retains the risk of loss for all claims and Catholic Charities' risk is limited to the annual premium and deductibles of \$1 thousand or less.

For each of the years ended June 30, 2020 and 2019, Catholic Charities received a contribution of \$1.282 million and \$969 thousand, respectively, from the Archdiocese of Washington and the Archdiocese of Washington's Forward in Faith, Inc. in support of its programs.

Various programs lease buildings from the Archdiocese of Washington. Payments made under these leases for each of the years ended June 30, 2020 and 2019 were \$500 thousand and \$400 thousand, respectively.

10. Commitments and Contingencies

Catholic Charities received a substantial portion of their revenue from government contracts, all of which are subject to audit by the government.

Revenue from the MRO program accounted for 9.2% and 9.4% of Catholic Charities total revenue for the years ended June 30, 2020 and 2019, respectively. Laws and regulations governing the MRO program are complex and subject to interpretation. The MRO program is subject to review and audits by the District of Columbia and the federal government. Until such audits have been completed and final settlement reached, there exists a contingent liability to refund any amounts received in excess of allowable costs. Management is of the opinion that no significant liability will result from audit adjustments.

Catholic Charities is involved in various claims and legal actions arising in the ordinary course of business. Based upon information currently available, management believes the ultimate disposition of these matters will not have a material adverse effect on Catholic Charities' consolidated financial position, change in net assets, or cash flows.

11. Net Assets Without Donor Restrictions

Net assets without donor restrictions are comprised of undesignated and designated amounts for the following purposes (dollars in thousands):

June 30,	2020	2019
Undesignated Invested in property and equipment Board designated for facilities or programs Board designated to function as endowment	\$ (5,340) \$ 25,316 3,074 5,078	(7,616) 26,430 3,074 4,884
	\$ 28,128 \$	26,772

12. Net Assets With Donor Restrictions

Net assets with donor restrictions were subject to the following restrictions (dollars in thousands):

June 30,		2020	2019
Subject to passage of time or purpose: Archdiocese United Way Capital campaign for programs Program services Restricted for property and equipment	\$	845 90 18,508 11,839 103	\$ 820 100 13,312 10,841 197
	\$	31,385	\$ 25,270
Original gift amount of donor restricted endowment: General endowment Anchor Mental Health endowment Spanish Catholic Center endowment Domestic Violence restricted fund Monsignor Vaghi endowment Forward-In-Faith	\$	20,045 1,085 50 801 844 22	\$ 17,058 1,085 50 801 833 21
		22,847	19,848
Total net assets with donor restrictions	\$	54,232	\$ 45,118
Net assets released from restriction are as follows (dollars	s in thousa	nds):	
Years ended June 30,		2020	2019
Passage of time - Archdiocese of Washington Passage of time - United Way Capital campaign for programs Program services Restricted for property and equipment	\$	1,095 92 5,590 9,201 231	\$ 1,320 77 5,543 5,240 3,941
	\$	16,209	\$ 16,121

13. Endowment Net Assets

Effective January 23, 2008, the District of Columbia enacted UPMIFA, the provisions of which apply to funds existing on or established after that date. Catholic Charities classifies as net assets with donor restrictions (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment and (c) accumulations to the permanent endowment made in accordance with the discretion of the applicable donor gift instrument at the time the accumulation is added to the fund. Investment returns on donor-restricted endowment are reported within net assets with donor restrictions until those amounts are explicitly appropriated by its board of directors for expenditure in a manner consistent with the

standard of prudence described by UPMIFA. The investment goal is to provide income and capital growth to be used to meet current and future financial obligations of Catholic Charities while limiting the risk of the funds in order to preserve the principal. The investment objective is pursued as a long-term goal designed to maximize returns after expenses without exposure to undue risk. The investment policy acts in accordance with the investment policy of the Archdiocese of Washington, which is based on two fundamental and interdependent principles: the Archdiocese of Washington and its related organizations should exercise responsible financial stewardship over their economic resources; and the Archdiocese of Washington and its related organizations should exercise ethical and social stewardship in their investment policy. The established annual distribution rate is from 4.3% to 5.0% of the total endowment. For each of the years ended June 30, 2020 and 2019, the distribution was 4.3% of the average total endowment for the prior three calendar years. The most recent investment policy was reviewed and approved in November 2018. The endowment balances presented below include contribution receivables that have yet to be collected and cash yet to be transferred.

Endowment net asset composition by type of fund (dollars in thousands):

June 30, 2020	Board designated	٤	Original gift amount	,	Accumulated gains and other	Total with donor restrictions	Total

14. COVID-19 and CARES Act

Beginning in late calendar year 2019 and continuing through June 30, 2020, and beyond, the outbreak of the novel coronavirus disease, or COVID-19, has resulted in the declaration of a global pandemic and has adversely affected economic activity across virtually all sectors and industries on a local, national, and global scale. The impact of COVID-19 on the economy and Catholic Charities' business continues to be a fluid situation.

In response to the COVID-19 pandemic, many state, local and foreign governments have put in place, and others in the future may put in place, quarantines, executive orders, shelter-in place orders, and similar government orders and restrictions in order to control the spread of the disease. Such orders or restrictions, or the perception that such orders or restrictions could occur, have resulted in business closures, work stoppages, slowdowns and delays, work-from-home policies, and travel restrictions, among other effects that could negatively impact productivity and disrupt Catholic Charities' operations.

Operationally, Catholic Charities has remained focused on supporting its clients, community, and employees during this time. Catholic Charities' work is deemed essential so the Agency responded quickly to guard the health and safety of clients, community, and employees by transitioning to a hybrid model of both on-site and virtual operations.

Through June 30, 2020, Catholic Charities has not seen a significant adverse impact to the financial position, change in net assets, and cash flows and liquidity as a result of COVID-19. The values of the Organization's investments have and will fluctuate in response to changing market conditions and impact on the Organization's liquidity. The ultimate impact of COVID-19 on the business is not estimable at this time and will be largely dependent upon a number of factors outside of Catholic

Charities' control including the extent and duration of the outbreak as well as any mitigating actions which may be undertaken by global governments and the general public.

In addition, while the potential impact and duration of the COVID-19 pandemic on the global economy and Catholic Charities' business in particular may be difficult to assess or predict, the pandemic has resulted in, and may continue to result in, significant disruption of global financial markets, which could result in a reduction of Catholic Charities' net reserve fund held in the form of marketable investments, and therefore negatively affect future liquidity.

The global pandemic of COVID-19 continues to rapidly evolve, and Catholic Charities will continue to monitor the COVID-19 situation closely. The ultimate impact of the COVID-19 pandemic or a similar health epidemic is highly uncertain and subject to change. Catholic Charities does not yet know the full extent of potential delays or impacts on business, operations, or the global economy as a whole, which makes future results difficult to predict.

On March 27, 2020, the "Coronavirus Aid, Relief, and Economic Security (CARES) Act." The CARES Act, among other things, includes provisions relating to refundable payroll tax credits, deferment of employer side social security payments, net operating loss carryback periods, alternative minimum tax credit refunds, modifications to the net interest deduction limitations, increased limitations on qualified charitable contributions, and technical corrections to tax depreciation methods for qualified improvement property.

It also appropriated funds for the SBA Paycheck Protection Program loans that are forgivable in certain situations to promote continued employment, as well as Economic Injury Disaster Loans to provide liquidity to small businesses harmed by COVID-19. In April 2020, Catholic Charities applied for and received loans for \$6.096 million under the PPP. Catholic Charities currently believes it has spent the loan proceeds in accordance with the provisions of PPP and expects the loans to be forgiven. There is no assurance however, that the loans will be forgiven. If the loan is not fully forgiven, the unforgiven portion of the loan will be payable over two years at an interest rate of 1%, with deferral of payments for the first six months. See note 6.

15. Subsequent Events

Catholic Charities has evaluated events and transactions for potential recognition or disclosure through December 9, 2020, the date the consolidated financial statements were available to be issued. Catholic Charities is not aware of any subsequent events that would require recognition or disclosure in the consolidated financial statements.
